BACKGROUND AND LEGISLATION

BACKGROUND

Under the *Education and Care Services National Law Act 2010*, it is an offence to operate an approved centre-based education and care service unless a responsible person (*refer to Definitions*) is physically in attendance at all times the service is educating and caring for children.

An approved provider must not operate a service unless there is at least one nominated supervisor appointed for that service. The nominated supervisor does not have to be in attendance at the service at all times, but in their absence, a responsible person, such as a person in day-to-day charge must be present at all times.

LEGISLATION AND STANDARDS

Relevant legislation and standards include but are not limited to:

- Child Safe Standards
- Education and Care Services National Law Act 2010
- Education and Care Services National Regulations 2011
- National Quality Standard, Quality Area 4: Staffing Arrangements
- National Quality Standard, Quality Area 7: Leadership and Service Management
- Worker Screening Act 2020
- Worker Screening Regulations 2021 (Vic)

ATTACHMENT 2: GUIDANCE FOR APPROVED PROVIDERS IN NOMINATING A NOMINATED SUPERVISOR AND NOMINATED SUPERVISORS FOR PLACING A PERSON IN DAY-TO-DAY CHARGE

An approved provider must evaluate whether a person meets the minimum requirements before nominating them as a nominated supervisor and/or person in day-to-day charge. The approved provider should also consider if the individual possesses sufficient knowledge and understanding of education and care provisions, and the ability to effectively supervise and manage a service.

Adequate knowledge and understanding

The approved provider should consider the person's qualifications, skills and work experience in determining if the person has adequate knowledge and understanding of the provision of education and care of children this can include but not limited to:

- a supervisor certificate previously issued to the person under the *National Law*, including any conditions which were imposed on the supervisor certificate
- a resumé detailing the person's position, duties, duration of employment and their employer's details
- a written reference from an employer that addresses the person's knowledge and understanding of the provision of education and care to children
- transcripts demonstrating completion of an education and care qualification. For example, evidence of completing an approved diploma level education and care qualification may indicate that the person has adequate knowledge and understanding of the provision of education and care to children.

Approved providers may also consider any other type of evidence that satisfies them of the person's adequate knowledge and understanding of the provision of education and care to children.

Ability to effectively supervise and manage an education and care service

Under the *National Regulations* a nominated supervisor must have the ability to effectively supervise and manage a service. A person may meet the requirement even if they do not have experience managing a service. For example, the approved provider may determine the person has the required ability if they have management experience at other service types, or in related sectors.

The approved provider should consider how a person's skills and experience contribute to their ability to manage a service in accordance with the *National Law and Regulations*.

This may include consideration of a person's:

- knowledge of, and ability to apply, practices that help ensure the education and care needs of children are met
- knowledge of, and ability to apply, practices that help ensure a service complies with the *National Law and Regulations*
- skills in managing relationships with staff and families at the service.

Approved providers may consider the following types of evidence for this requirement, as well as any other type of evidence of a person's management ability:

- a supervisor certificate previously issued to the person under the *National Law* and any conditions which were imposed on the certificate
- a resumé detailing their position, duties, duration of employment and their employer's details
- a written reference from an employer that addresses the person's management ability
- transcripts or a certificate of attainment, demonstrating completion of units of study or professional development that are relevant to supervising or managing an education and care service. For example, courses or units that relate to staff management or managing an education and care service in accordance with the *National Law and Regulations*.
